

PRODUCT RANGE

HamelxWhite®

DELIVERING TIPPER EXCELLENCE

Hamelex White's commitment to ongoing innovation drives returns for businesses. Our extensive engineering department has designed the strongest equipment in the business giving owners an unbeatable combination of payload, capacity and durability.

We work closely with our customers, ensuring every opportunity is taken to maximise capacity and payload. We continue to lead the way in PBS (Performance Based Standards), which, when combined with our exceptional tare weights, deliver maximum productivity.

What's more, all Hamelex White products are designed and manufactured locally in Australia for Australian conditions and come with the support of Freightier Group's national dealer and service support network.

HamelexWhite®

PERFORMANCE-BASED STANDARDS

Performance Based Standards offer an alternative regulatory system which allows heavy vehicle combinations to achieve higher productivity and safety through innovative and optimised vehicle designs.

The basic principle of PBS is matching the right vehicles to the right tasks. Our dedicated in-house PBS specialists will work with you to design a solution that will maximise your return, while ensuring the total combination remains compliant.

SOME OF THE BENEFITS OFFERED BY PBS:

- Increased gross combination mass
- Increased cubic capacity
- Improved productivity and freight efficiency
- Innovative and optimised vehicle designs for specific applications
- More flexible combination and vehicle design rules
- Improved safety
- More sustainable transportation task

TRUCK BODY & DOG

If you are looking for high performance, high payload and durability then a Hamelex White Truck Body and Dog won't let you down. Uncompromising and built to work, the Hamelex White range delivers every time.

Main Applications:

Bulk products including grain, quarry and paving applications.

Dimensions (nominal):

Truck Body

- Length range: 4,000mm up to 7,800mm
- Body height range: 900mm up to 2,350mm
- Cubic capacities range: 8m³ up to 45.5m³

Dog Tipper

- Length range: 5,900mm up to 11,000mm
- Body height: 900mm up to 2,350mm
- Cubic capacities range: 12m³ up to 63.1m³

Various dimensions are available upon request.

Configuration:

Available in 3, 4, 5 and 6 axle configurations including PBS configurations.

✓
Warranty
Up to 2 years

HamelexWhite®

CHASSIS TIPPER (NARROW BODY)

The Hamelex White Chassis Tipper is your ideal all-rounder, while its unmatched quality and finish is evident the moment you see it. The Chassis Tipper comes in a narrow width body design ideal for bulk quarry and construction applications.

Main Applications:

Bulk products including quarry and construction applications.

Dimensions (nominal):

- Length range: 7,200mm up to 11,000mm
- Body height range: 1,200mm up to 1,900mm

Various dimensions are available upon request.

Configuration:

Straight. In Single and Road Train combinations.

✓
Warranty
Up to 2 years

DOLLY

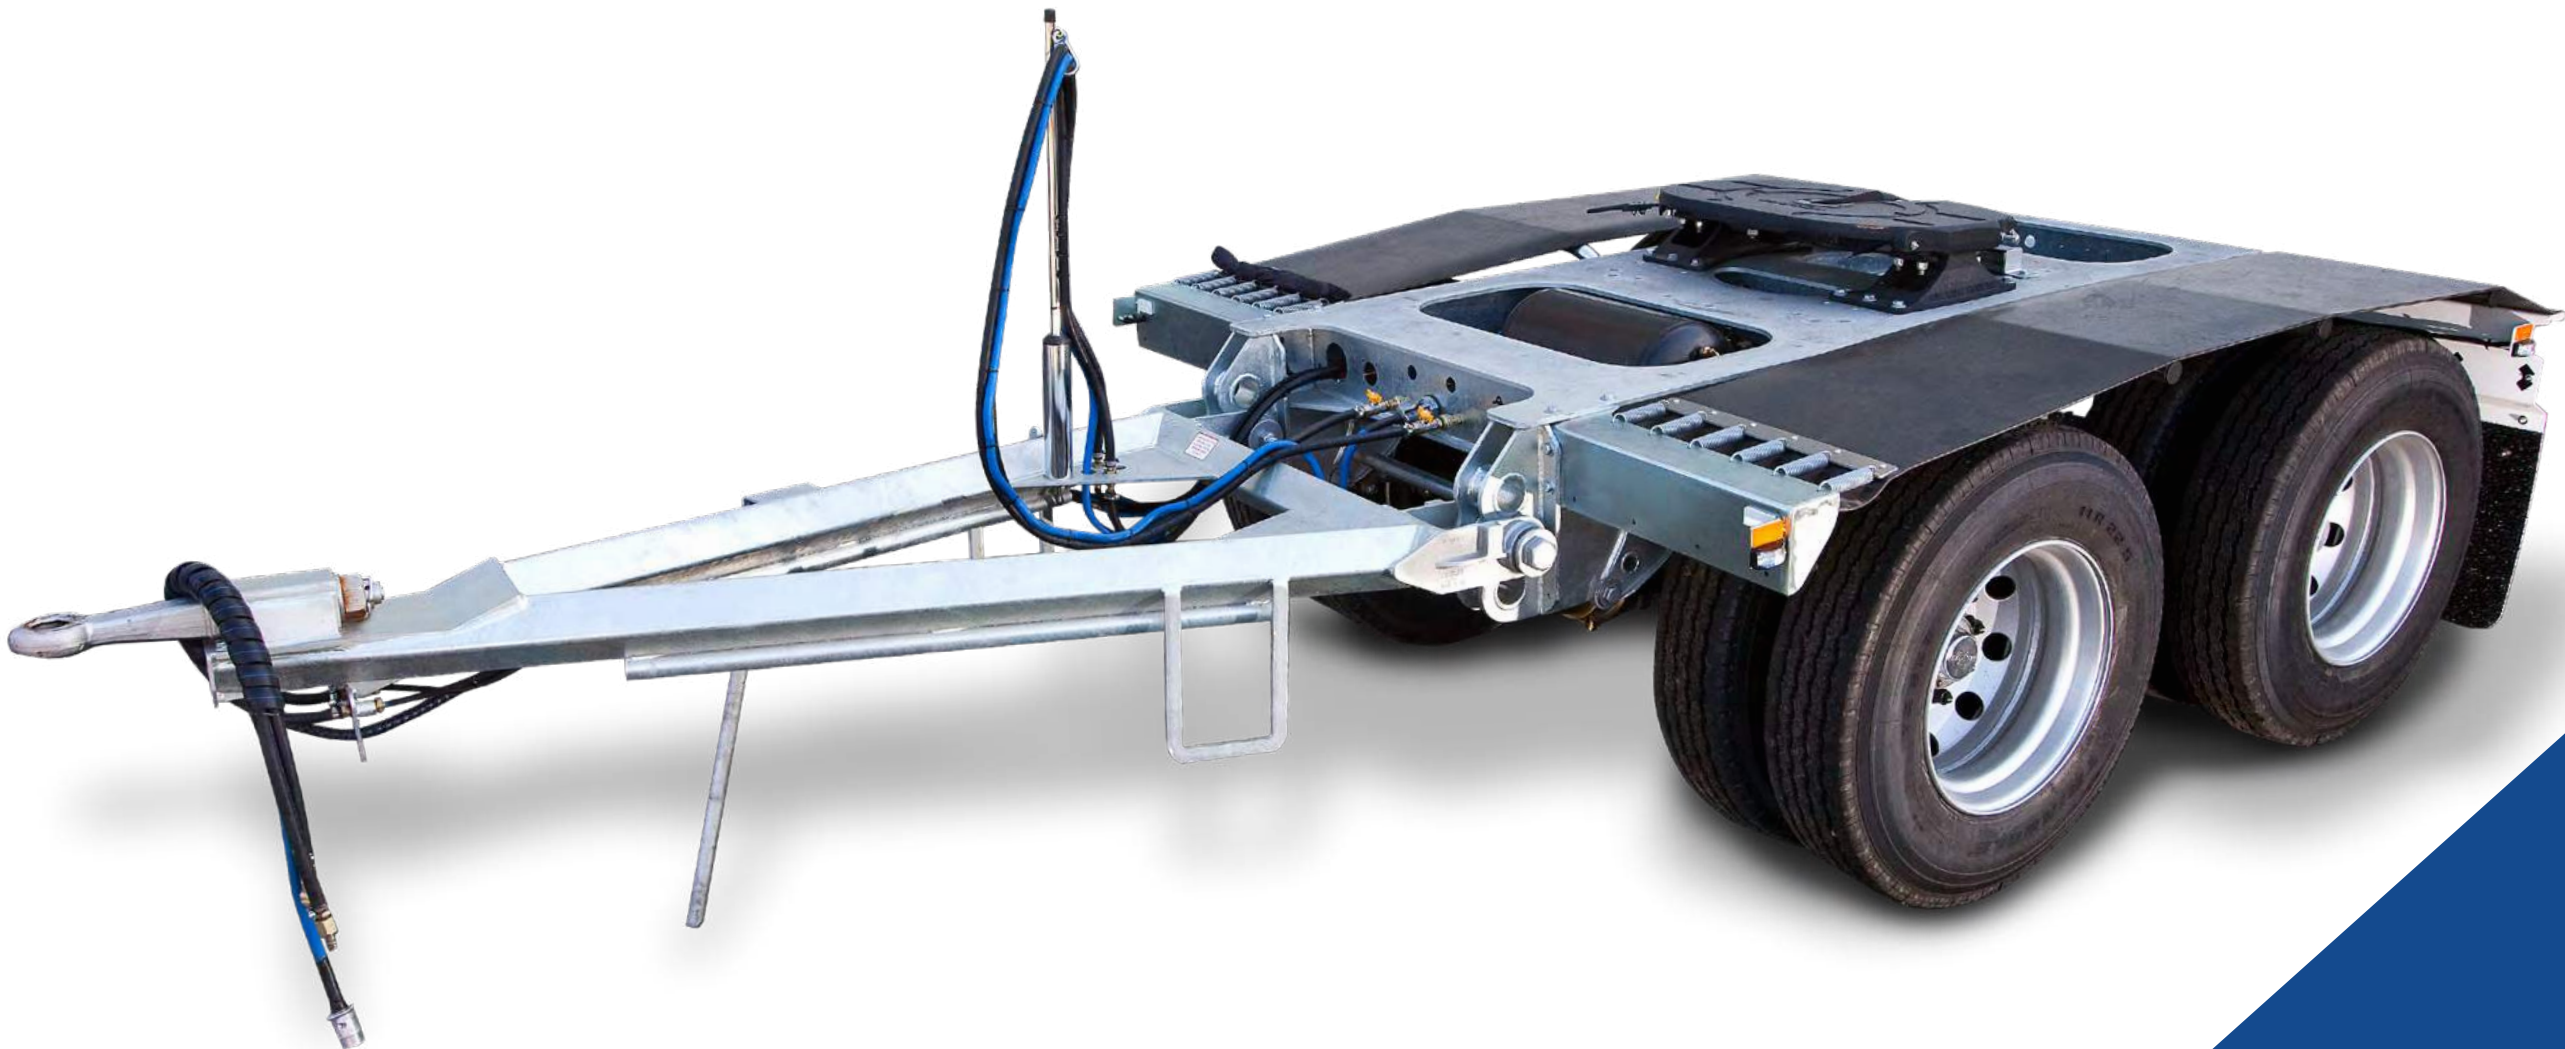

It is uncomplicated and robust, providing you with the reliability you have come to expect from Hamelex White. The Dolly's modular design also means there are a variety of available options, which can be easily configured to suit many requirements.

Dimensions (nominal):

- Overall Length*: 5,355mm (Tandem)
6,150mm (Tri-Axle)
- Turntable Height: 1,270mm

Configurations:

Tandem and Tri-Axle in three-position pivoting or fixed drawbar.

✓
Warranty
Up to 2 years

*Overall length depends on drawbar length. Drawbar can be customised to suit the application.

STANDARD FEATURES

The Hamelex White range features an impressive list of standard inclusions that allow our customers to get the most out of their equipment.

- Duomatic and Trimatic service couplings
- Tailgate spreader chains
- Compensating or rocker feet to landing legs
- Removable chute
- Single or split rear pivot pin
- Grain locks
- Hydraulic safety valve on hoist
- Aluminium wheels

• Profiled extrusions

• Tailgate locks

• Choice of hoist

• Rock sheets

• Lightweight aluminium body construction

• Grain door

• Access Ladder

• Electric tarps

• One way hinged tailgate

• LED lighting

• Aluminium toolbox

• Tailgate hinge configuration, operable from the ground
