SERVICE SOLUTIONS

At Freighter Group, we understand the importance of keeping your trailer fleet safe, compliant, and performing at its best. This document outlines our scheduled servicing plan, including: A, B, and C services – each designed to provide the right level of care for your equipment.

Our skilled and approachable team offers a complete range of mechanical servicing and repairs – from minor fixes to full refurbishments. With experienced technicians, dedicated service advisors, and a management team committed to supporting your business, you can count on exceptional care every step of the way.

What's more, with Freighter Group's 24/7 emergency breakdown assistance and mobile servicing, support is never far away. For tailored scheduling or further enquiries, your dedicated Freighter Group Service Advisor is ready to assist.
